2nd Announcement

Organized by the INP Greifswald and the ICM, University of Greifswald

www.breath-gas-analysis.org

Dear Colleagues,

With this 2nd announcement, we would like to invite you to attend the German-Austrian Workshop on Breath Gas Analysis and to submit an abstract of a contribution on your current research in this field. The Workshop is organized by the INP Greifswald in cooperation with the Institute of Community Medicine (ICM), University of Greifswald. It will be held from Monday, June 7 – Wednesday, June 9, 2010 in the Alfred-Krupp-Wissenschaftskolleg in the centre of the old university town of Greifswald, Germany. The conference language is English, participants from other countries are welcome.

Scientific Program

The 1st German-Austrian Workshop on Breath Gas Analysis will be a meeting which brings together the leading specialists from Germany and Austria working in the emerging field of breath gas research and its application for clinical diagnosis and therapeutic monitoring. The scientific program of this conference covers all modern aspects of exhaled breath gas analysis ranging from sampling techniques, analytical approaches to pilot cases studies. This workshop is an important and fruitful opportunity to meet and discuss with the other scientists working in this field.

Five invited speakers have agreed to present their recent work at this meeting:

- Prof Henry Völzke (Greifswald, Germany)
- Dr Jochen Schubert (Rostock, Germany)
- Prof Anton Amann (Innsbruck, Austria)
- Prof Norman Ratcliffe (Bristol, UK)
- Prof Terence Risby (Manchester, MD, USA)

The meeting will take place over three days with sessions of talks before and after lunch and a poster session with industrial exhibition on Monday the 7th in the afternoon. Tuesday afternoon (June 8th) is reserved for a meeting excursion.

The schedule of the workshop starts with the registration beginning at 5:00 p.m. on Sunday June 6th in the Alfred-Krupp-Kolleg and ends at 4 p.m. on Wednesday, June 9th.

Call for abstracts

Participants are encouraged to present their most recent scientific results at the meeting. Therefore, we invite you to send a short, single paragraph abstract of not more than 250 words to the LOC via the workshop's webpage. Please open an account as author and upload your abstracts following the explanations for the submission process on the webpage. Don't forget to fill in title and abstract. The conference language is English. Abstracts must be submitted in English.

The Scientific Advisory Board will survey the submissions and will select speakers from the submitted abstracts for talks of 25 minutes. All abstract material can be presented in poster form on the workshop and extended to a full paper in the workshop proceedings (see below). The display panels provided for the poster presentations are 1.0 m wide and 1.5 m high.

▶▶ **The deadline for abstract submissions is March 12th, 2010.**

The conference language is English. Abstracts must be submitted in English.

▶▶ **Publication of workshop proceedings**

It is planned to publish citable Workshop proceedings in an issue of "The Journal of Breath Research". All participants are invited to extend their abstracts to a full paper of at least 4 pages. More Information on paper format and details on the submission will accompany the final announcement and will also be published on the workshop's webpage.

In order to publish an article in the proceedings it is necessary for at least one of the authors to be a registered and paying participant of the workshop.

▶▶ **Social events**

The German-Austrian Workshop on Breath Gas Analysis will start with a welcome reception at 7:30 p.m. on Sunday, June 6th, in the pub "Zum Alten Fritz" at Greifswald's scenic market place. A guided city tour is planned for Monday evening, 6:30 p.m. Tuesday evening is reserved for the meeting banquet in the restaurant "Le Croy", following the excursion on Tuesday Afternoon to the neighbouring Hanseatic City of Stralsund, ennobled as UNESCO world heritage, and to the Ozeaneum, an aquaria where we will attend a tour through the underwater world of the Northern and Baltic Sea.
