BREATH GAS ANALYSIS
GREIFSWALD

German-Austrian Workshop on Breath Gas Analysis

Greifswald, Germany

June 07 – 09, 2010

» Scientific Program

The 1st German-Austrian Workshop on Breath Gas Analysis will be a meeting which brings together the leading specialists from Germany and Austria working in the emerging field of breath gas research and its application for clinical diagnosis and therapeutic monitoring. The scientific program of this conference covers all modern aspects of exhaled breath gas analysis ranging from sampling techniques, analytical approaches to pilot cases studies. The schedule will include invited lectures, oral presentations and poster sessions as well as social events. This workshop is an important and fruitful opportunity to meet and discuss with the leading German and Austrian scientists of this field.
